## **Support Dogs, Inc. To Offer User-Friendly Dog Shampoo**

Support Dogs, Inc. and Rainforest Coastal Labs have joined forces to promote a unique shampoo for dogs serving in health care settings, as well as other situations requiring frequent bathing. The shampoo also was designed to be user-friendly for people with sensitive skin.

More than 300 working Support Dog's TOUCH therapy teams visit patients in hospitals, long-term health care facilities and schools. These dogs require frequent bathing, which can be problematic for dogs with sensitive skin. Rainforest Coastal Labs solved the problem by creating the organization's official shampoo.

Rainforest Coastal Labs is a St. Louis-based company specializing in professional hydrocept shampoos, which are formulated specifically for a canine's skin and coat. Based on a gentle hypoallergenic and soap-free formulation, this shampoo is made from the highest quality natural coconut and botanical oil-based cleansing ingredients. This shampoo is beneficial to all dogs that suffer from sensitive skin or problems from frequent bathing.

Support Dogs To Offer User-Friendly Dog Shampoo  
First And Last Add

Support Dogs, Inc. is a national non-for-profit organization that offers dignity, hope and independence by providing highly skilled service dogs to individuals with disabilities and uniquely trained dogs to serve the community. Founded in 1981, the organization provides many services including a Service Dog program which matches people with various disabilities with a canine partner, an animal-assisted therapy dog program called TOUCH (Therapy of Unique Canine Helpers), and a PAWS for Reading program that places dogs in school classrooms.

A 12-ounce bottle of the shampoo costs \$12.95 with proceeds benefiting Support Dogs. For shampoo orders, call (314) 997-2325 or visit the organization's web site at [www.supportdogs.org](http://www.supportdogs.org).
